

Software Refresh Program for **Kodak** DIRECTVIEW CR/DR Systems

Keep your
KODAK DIRECTVIEW
CR or DR Software
state-of-the-art—
automatically!

Unrelenting pressure to improve productivity and patient care make it vital to keep your KODAK DIRECTVIEW CR or DR System at peak performance. Now the Software Refresh Program provides your KODAK DIRECTVIEW CR and DR Systems with automatic upgrades to the latest software functions and capabilities as they become available. The program applies to DIRECTVIEW CR 825, CR 850, CR 950, CR 975, Classic CR, Elite CR, DR 3000, DR 3500, DR 7500, and DR 9500 Systems.

Include the Software Refresh Program as part of the service plan for your KODAK DIRECTVIEW CR or DR Equipment and enjoy the peace of mind that comes from knowing that your CR and DR systems are always operating with our most state-of-the-art software. This program also helps you maximize return on your investment through a simple budgeting and purchasing process.

A range of benefits

The Software Refresh Program for KODAK DIRECTVIEW CR/DR Systems provides the latest software upgrades for continuous superior system performance including:

- ▶ Newest features for the most effective workflow and DICOM connectivity
- ▶ Latest improvements for ease of use
- ▶ Most current maintenance releases to maximize uptime

Basic and Premium programs

Choose the CR/DR Software Refresh Program best for you.

- ▶ The basic program provides the license for the latest version of software released.
- ▶ The Premium program includes the basic package plus installation, basic training, and computer if required by the software.

Simplified purchasing and budgeting

As part of your extended warranty or service agreement, the Software Refresh Program for KODAK DIRECTVIEW CR/DR Systems provides reasonable pricing with:

- ▶ Easy purchasing terms and conditions for upgrades. Purchase the program as an extension of your service plan.
- ▶ Predictable payments within your operating budget. No need to include software upgrades in your capital budgets.
- ▶ One invoice for all hardware and software service, and software upgrades.

Additional performance services

The Software Refresh Program for KODAK DIRECTVIEW CR/DR Systems and CARESTREAM Professional Services experts are a winning combination that provides:

- ▶ Expertise in information technology with a thorough understanding of medical imaging.
- ▶ A broad portfolio of integration, project management, educational, and privacy and security services.
- ▶ Expert support to help ensure a successful transition to digital technologies.
