Unlike most viewers on today’s market, PACS Pro DICOM Viewing software provides a Diagnostic-quality image that can support up-to-5MP Medical Grade LCDs. This software is integrated with all PACS Pro Archive and Image Acquisition solutions and can also be installed as a stand-alone module on any workstation that requires a DICOM viewer.

Features a powerful, customizable, easy-to-use GUI that allows users to configure the toolbars and mouse buttons to their preferences.

**Viewer Highlights:**
- Scout/Reference Lines
- Multi-Planner-Reconstruction
- KIN (Key Image Note)
- GSPS/Bitmap Overlays
- Automatic Alignment
- Study Comparison (New/Old)
